

A wide-angle aerial photograph of a vast, flat landscape under a cloudy sky. In the distance, a range of mountains with snow-capped peaks is visible. The foreground shows a flat, grassy field with some small structures or trees scattered across it.

Aries

DRONE STROBE LIGHT

Aries Drone Strobe Light

► INTRODUCTION

- The Aries Rechargeable Drone Strobe Light adds brilliant FAA compliant visibility to any remote-control drone, aircraft, for up to 3.0 miles, by night or day. The handy strobe light is well suited for use on a bicycle, motorized scooter, helmet, or car. The tiny, lightweight Velcro mounted light is impervious to many elements and is well suited for various outdoor products. The intense beacon helps identify aircraft azimuth and orientation while safely warning of device presence in clear or inclement weather and preventing accidents.

► FEATURES

- FAA Compliant for safety first.
- Visible for up to 3.0 miles, weather dependant.
- Two extremely bright LED levels beneath five-sided transparent windows.
- Four different colors for ID and designated display.
- Three beacon modes: steady flash, SOS, and constant beam.
- Built-in long-lasting and durable rechargeable battery.
- Requires no batteries; Recharges again and again.
- Lightweight and small for no payload issues.
- Attaches with hook and loop pads or resilient rubber bands.
- Great for all items that require safety and ID.
- Perfect for remote control drones, aircraft, bicycles, motorized scooters, helmets, or car application.
- Last mode memory function.

► WARNING

- This strobe light is an electronic product utilizing internal cells for energy storage. Do not subject the light to wet or humid environments.
- It is not a toy. Take care to keep the light out of the hands of children.
- The LEDs are incredibly bright. Do not look directly at the beam. Vision injury may result. We are not responsible for the misuse of this product.

► SETUP INSTRUCTIONS

1. Affix the Aries Rechargeable Drone Strobe onto your device.
2. First, peel off the 3M protective film from the adhesive tab. Apply the tab to a clean and flat surface on the target device. Press firmly.

3. Remove the protective film from the other side of the tab pair. Mate the hook side to the hoop side on the bottom of the strobe light.

4. Adhere the other side of the Velcro tab to a suitable position on the device. In the case of a drone, the bottom, the arm, or the craft's tail.

5. Mount the strobe light to the desired position and enjoy the flight!

► AN ALTERNATIVE METHOD (NOT SHOWN)

1. Using the Rubber rings included in the kit, tie the rubber ring to the left of the drone light.
2. Loop the rubber ring around the feet of the drone from the left side.
3. Tie the rubber ring to the right side to adjust or center the position.

► OPERATION

The small button on the narrow end of the strobe light controls the brilliant LEDs' style, color, and function. The total time of operation is 4.5 hours when used in a non-continuous mode. Continuous mode shortens the life to approximately 30 minutes.

- Short press the small button on the side of the light to turn the light ON.
- Short press the button again to switch style modes in sequence.
- Each mode will cycle in color before advancing to the next mode.

- The three modes are Flash, SOS, and Continuous.
- The sequence is White, Red, Green, and Yellow.
- Long press the button for 3 seconds to turn the light OFF, in any mode.

The light has a memory. The last mode used is the first to start the order of sequence.

► CHARGING

The light requires no batteries and recharges as needed. Connect the supplied USB-C cable to the charge port and then to a DC 5V source for power. The charging time is under 1 hour and 15 minutes. The red indicator light indicates charging and will turn off when fully charged.

► SPECIFICATIONS

Compatibility	All Drones [DJI - Mavic Mini 2, Mavic Air 2S, Mavic 2, Mavic Mini, Mavic Air, Mavic Pro, Spark, Phantom, Inspire]
Visibility	Up to 3.0 miles/4.8 km [weather dependant]

Weight	0.2 oz/6 g

► IN THE BOX

- Aries Rechargeable Drone Strobe Light
- USB Type-C charging cable
- 3 - 3M Velcro Tab Sets
- Manual

► ONE YEAR ARIES LIMITED WARRANTY

ARIES warrants to the original purchaser that your ARIES product shall be free from defects in material and workmanship for the period of one (1) year from the date of purchase (or delivery as may be required in certain jurisdictions), or thirty (30) days after replacement, whichever comes later.

ARIES's entire liability and your exclusive remedy for any breach of warranty shall be, at ARIES's option, to repair or replace the hardware, provided that the hardware is returned to the point of purchase or such other place as ARIES may direct with a copy of the sales receipt or dated itemized receipt. ARIES may, at its option, replace your product, offer to provide a functionally equivalent product, or repair any product with new, refurbished or used parts as long as such parts are in compliance with the product's technical specifications. Any replacement hardware product will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer, or for any additional period of time that may be applicable in your jurisdiction. If the product has been discontinued, the warranty provider reserves the right to replace it with a model of equivalent quality and function.

This warranty does not cover problems or damage resulting from accident, abuse, misapplication, or any unauthorized repair, modification or disassembly, improper operation or maintenance, normal wear and tear, or usage not in accordance with product instructions or connection to improper voltage supply, use of consumables, such as replacement batteries, not supplied by ARIES, except where such restriction is prohibited by applicable law.

Except where prohibited by applicable law, this warranty is nontransferable and is limited to the original purchaser and the country in which the product was purchased. This warranty gives you specific legal rights, and you may also have other rights, including a longer warranty duration that may vary under local laws.

To start a warranty claim contact the ARIES Customer Service Department to obtain a return merchandise authorization ("RMA") number, and return the defective product to ARIES, along with the RMA number and proof of purchase.
