

FLASHPOINT

FPWMBA

WALL-MOUNTED BOOM ARM

3.1' - 5.8'

Thank You for choosing **FLASHPOINT**.

The Flashpoint wall-mounted boom arm offers a quick and safe way to mount a light or camera without setting up light stands or taking up valuable floor space. Heavy-duty aluminum tubes allow the boom arm to extend from 3.1' to 5.8' while supporting a load of up to 8.8 lb. A 5/8" socket at the end of the arm holds a reversible stud with 1/4" and 3/8" male threads. When fully extended, the arm offers pan and tilt movement of 180° for precise light or camera positioning. To avoid clutter or obstructions when the boom arm is not in use, it can be tucked away flush against the wall in its fully upright or down position.

FEATURES

- Heavy-Duty Wall-Mounted Boom Arm.
- Sturdy Dual Stabilizing Tube Design.
- Telescopes from 3.1' to 5.8' in Length.
- Supports 8.8 lb Loads at Full Extension.
- Fully Collapsible Against the Wall.
- Removable/Reversible 5/8" Spigot.
- Insert Spigot from the Top or Side.

CAUTIONS

- Do not exceed the maximum load capacity.
- Always engage safety devices and locks where applicable.
- This product should be used between -22°F and 140°F (-30°C and 60°C) only.
- Please read and follow these instructions, and keep this manual in a safe place.
- Keep this unit away from water and flammable gases or liquids.
- Do not attempt to disassemble or repair the equipment - doing so will void the warranty, and Impact will not be responsible for any damage.
- Handle the unit with care.
- Clean the unit with a mild detergent and a soft cloth.
- Keep this unit away from children.
- Use only parts provided by the manufacturer.
- Be certain that the boom arm is securely attached to the wall before proceeding.

One Year Flashpoint Limited Warranty

Flashpoint warrants to the original purchaser that your Flashpoint product shall be free from defects in material and workmanship for the period of one (1) year from the date of purchase (or delivery as may be required in certain jurisdictions), or thirty (30) days after replacement, whichever comes later.

Flashpoint's entire liability and your exclusive remedy for any breach of warranty shall be, at Flashpoint's option, to repair or replace the hardware, provided that the hardware is returned to the point of purchase or such other place as Flashpoint may direct with a copy of the sales receipt or dated itemized receipt. Flashpoint may, at its option, replace your product, offer to provide a functionally equivalent product, or repair any product with new, refurbished or used parts as long as such parts are in compliance with the product's technical specifications. Any replacement hardware product will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer, or for any additional period of time that may be applicable in your jurisdiction. If the product has been discontinued, the warranty provider reserves the right to replace it with a model of equivalent quality and function.

This warranty does not cover problems or damage resulting from accident, abuse, misapplication, or any unauthorized repair, modification or disassembly, improper operation or maintenance, normal wear and tear, or usage not in accordance with product instructions or connection to improper voltage supply, use of consumables, such as replacement batteries, not supplied by Flashpoint, except where such restriction is prohibited by applicable law.

Except where prohibited by applicable law, this warranty is nontransferable and is limited to the original purchaser and the country in which the product was purchased.

This warranty gives you specific legal rights, and you may also have other rights, including a longer warranty duration that may vary under local laws.

To start a warranty claim contact the Flashpoint Customer Service Department to obtain a return merchandise authorization (“RMA”) number, and return the defective product to Flashpoint, along with the RMA number and proof of purchase.
