

Reflection Filter

for Professional Microphones

User Manual

Thank you for choosing H&A product! Our goal is to make your professional life easier and to maximize your effectiveness. Please make sure that all the components listed below are present in the package:

- ▶ One reflection filter
- ▶ Two mounting brackets
- ▶ Three locking screws
- ▶ One 5/8"-27 extension mount

Product Features

- ▶ For professional microphones
- ▶ Shields from acoustic noise
- ▶ Allows creating cleaner voice recordings
- ▶ Semi-circular chrome-plated aluminum frame
- ▶ High-density, sound-absorbing acoustic foam
- ▶ Mounts to mic stands with 5/8" treads
- ▶ Vertically and horizontally adjustable
- ▶ Mount brackets, lock screws, and 5/8" extension included

This filter features a semi-circular chrome-plated perforated frame that is lined with high-density foam. The two included mounting brackets and the 5/8" extension rod allow for mounting the filter together with your microphone on the same stand and finding an ideal position both vertically and horizontally. Using this filter will help you shield your mic from acoustic noise and create cleaner voice tracks.

Assembly Instructions

1. Using two included thumbscrews attach the straight bracket to the back of the reflection filter frame
2. Using the third thumbscrew connect the bent bracket to the straight bracket
3. Mount the reflector to your microphone stand using the included 5/8" male-to-female adapter
4. Attach your microphone to the bent bracket or on to the stand
5. Adjust the horizontal position of your mic on the bracket and tighten the adapters
6. Adjust the vertical position of the reflector and tighten the locking screws

Specifications

H&A Limited 1-Year USA Warranty

We are excited to have you as a customer and hope that our product serves you well for years to come!

H&A warrants to the original purchaser that your H&A product shall be free from defects in material and workmanship for the period of one (1) year from the date of purchase (or delivery as may be required in certain jurisdictions), or thirty (30) days after replacement, whichever comes later.

H&A's entire liability and your exclusive remedy for any breach of warranty shall be, at H&A's option, to repair or replace the hardware, provided that the hardware is returned to the point of purchase or such other place as H&A may direct with a copy of the sales receipt or dated itemized receipt. H&A may, at its option, replace your product, offer to provide a functionally equivalent product, or repair any product with new, refurbished or used parts as long as such parts are in compliance with the product's technical specifications. Any replacement hardware product will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer, or for any additional period of time that may be applicable in your jurisdiction. If the product has been discontinued, the warranty provider reserves the right to replace it with a model of equivalent quality and function.

This warranty does not cover problems or damage resulting from accident, abuse, misapplication, or any unauthorized repair, modification or disassembly, improper operation or maintenance, normal wear and tear, or usage not in accordance with product instructions or connection to improper voltage supply, use of consumables, such as replacement batteries, not supplied by H&A, except where such restriction is prohibited by applicable law.

Except where prohibited by applicable law, this warranty is nontransferable and is limited to the original purchaser and the country in which the product was purchased. This warranty gives you specific legal rights, and you may also have other rights, including a longer warranty duration that may vary under local laws. To start a warranty claim contact the H&A Customer Service Department to obtain a return merchandise authorization ("RMA") number, and return the defective product to H&A, along with the RMA number and proof of purchase.

The background is a solid dark blue color. It features three sets of concentric, thin white lines that form partial circles or arcs. One set is in the top right corner, another in the bottom left corner, and a third in the bottom right corner. These lines are evenly spaced and create a sense of depth and movement.
