ORLIT TTL Flash Extraordinaire

The new **ORLIT ROVELIGHT RT** line up represents a world class breakthrough in wireless technologies! The first Canon RT radio compatible Monolight. The **ORLIT Rovelight RT** is a 600ws fully cordless strobe, which is compatible with RT radio system and **ORLIT TR** series transmitters for remote power control.

The incredible amount of raw energy and innovation in these compact and lightweight units make the RT System the first choice of Canon professional photographers, and the **ORLIT Rovelight 610 RT** is the next evolution of the RT class of strobes. With a focus on portable lighting, the RT compatible collection hopes to free your camera to go out and... ROVE.

If any questions or concerns arise as you use this flash, please write to brand@adorama.com or call 212-647-9300 for personal technical support. You can shop all of our brands at www.adorama.com/ourbrands
