## Cage with Handle (for Sony Alpha 7C)

Operating Instruction

SmallRig Cage with Side Handle for Sony Alpha 7C Camera 3212B is designed to provide mounting points for accessories like monitors, microphones and LED lights in professional video shooting. It comes with a built-in silicone handle which is ergonomically designed to improve grip experience. The cage secures to the camera with a 1/4"-20 screw at the bottom. To further prevent twisting, can also use the right side lock by pushing up the slider and secure the attached small screw to the strap hole of the camera. The cage features multiple 1/4"-20 threaded holes and ARRI 3/8" -16 locating holes, allowing to mount Top Handle 2165, Cold Shoe Extension 2879 and Tripod BUT2664 for vlog shooting; the top built-in cold shoe suits microphones, LED lights; the bottom built-in Arca-type quick release plate fits DJI RS 2 / RSC 2 / RS 3 / RS 3 Pro gimbals for quick switch between handheld shooting and stabilizer shooting. Besides, there is a built-in magnetic screwdriver on the bottom of the cage for an easy using experience. The cage fits seamlessly the camera without blocking battery door, screen, card slot and buttons. Fully maintains the original functions of the camera.

## **Safety Guidelines**

### **1. Environment**

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

### **2. Load Capacity**

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

### **3. Cleaning & Maintenance**

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

### **4. Structural Integrity**

Do not modify the product (e.g., drilling, cutting)—this compromises structural

integrity and increases drop risks.

## 5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

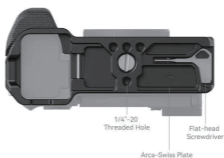

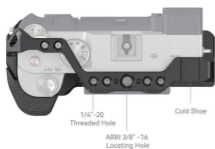

## In the Box

Cage × 1

Guarantee Card × 1

Screwdriver × 1

## Product Details

## Key Features

1. Dedicated full cage for Sony Alpha 7C.
2. Ergonomic silicone side handle for comfort grip.
3. New patented side locking system to prevent twists.
4. Built-in Arca-type plate on the bottom to directly connect DJI RS 2 / RSC 2 / RS 3 / RS 3 Pro gimbal.
