

SmallRig

Buckle Adapter with Arca-Type Quick Release Plate for GoPro

Operating Instruction

SmallRig Buckle Adapter with Arca Quick Release Plate for GoPro Cameras APU2668 makes it easy to mount GoPro buckles to Arca compatible tripods heads. Simply slide the buckle into the top of the adapter until it clicks into place. The adapter features an Arca standard plate on the bottom allowing you to attach the GoPro to any Arca platform. It also comes with 1/4"-20 & 3/8"-16 threaded holes and through-holes for screw mounting. The whole adapter is made of solid anodized aluminum but designed compact and light-weight.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

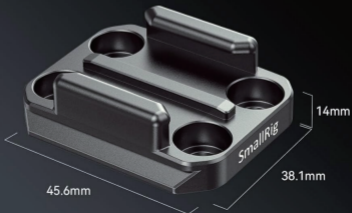

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

In the Box

Adapter Plate × 1

Multiple Mounting Points
