FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

## Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. Regardless of any direct acknowledgement elsewhere in the body of this document, StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.

Installation

The hub is packaged in its collapsed form, with the silver stand folded under the hub. It is recommended the stand be unfolded and raised prior to connecting the power and your USB devices. If you intend to use the stand, please follow the section below titled Smart Phone / Tablet Stand to unfold and raise the stand prior to connecting power.

1. Connect the included power adapter to the device, then to an AC outlet – the Power LED should be lit green.

2. Connect the included Micro USB A-B cable into the hub's Micro USB 3.0 Port, and then to an available USB Port on your PC.

   Note: If connected to a USB 2.0 host port, the hub will only operate at USB 2.0 speeds.

3. The operating system should detect the hub immediately and automatically install it.

4. Connect your USB peripherals to the USB 3.0 Data Hub Ports, or to the USB 2.0 Data/Fast Charge Port.

5. The Data/Fast Charge Port can be used as a standard USB 2.0 Data port, OR as a Fast Charge Port for charging mobile devices. Press the Mode button on the hub to toggle between Data or Charge operation.

   Note: The Fast Charge LED will light Blue when Fast Charge mode is selected. The hub provides up 2.1A while in charging mode, and will only provide low voltage charging while in standard mode.

Operation

Smart Phone / Tablet Stand

The 3 Port USB 3.0 Charging Hub is equipped with a Smart Phone or Tablet cradle/stand. The stand serves as a holder for your mobile device, conveniently allowing you to connect, charge, and cradle your device.

1. With the hub resting on a surface, gently lift the front corners of the hub slightly.

2. While slightly elevated, simultaneously apply a small amount of pressure to the corners of the cradle.

Hard-to-find made easy®

3. The cradle will release, continue to gently unfold the cradle from below the hub, until it is in its upright position

4. Plug a USB cable into your Smart Phone or Tablet device.

5. Place your device into the cradle. Choose an orientation so that your device is secure in the cradle. It is recommended to use a horizontal orientation for Tablets or larger devices, and a vertical orientation for Smart Phones, cell phones, and smaller devices.

6. Escort the opposite end of your USB cable through the hole located on the cradle stand and into the USB 2.0 Data/Fast Charge port on the hub.
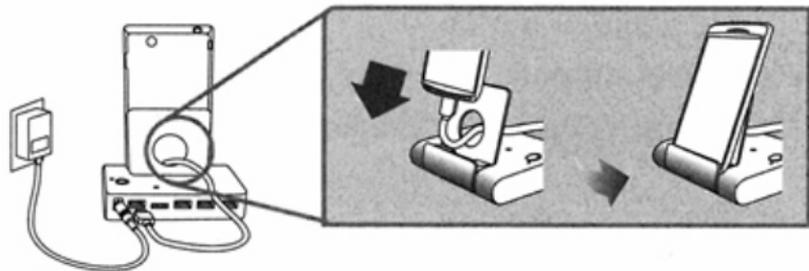

7. Press the Fast Charge *Mode Button* on the surface of the hub to switch the USB 2.0 port from standard to charging mode. Once charging mode is enabled, the status LED will light blue.

Fast Charge

The 3 Port USB 3.0 Charging Hub is equipped with a USB 2.0 Data/Fast Charge Port capable of outputting up to 2.1A of charging power, and supports USB Battery Charging Specification Revision 1.2. The quantity of charging electricity provided is dependent upon how much the connected device needs to achieve a full speed charge.

*Supports USB Battery Charging Specification Revision 1.2 (**Note:** The hub will only provide a trickle charge on the Samsung Galaxy Tab®, the Apple® iPad®, and the Apple® iPad mini® while in Fast Charge mode.)

1. With your device connected to the USB 2.0 Data/Fast Charge Port, press the Fast Charge Mode Button on the surface of the hub to switch the USB 2.0 Port between standard or charging mode. Once charging mode is enabled, the status LED will light blue.

2. If you wish to use the USB 2.0 Port as a Data Port, simply ensure the hub is connected to a host PC, and with your device connected, press the Mode button on the surface of the hub until the status LED is not lit.

   Note: If the Fast Charging Mode is enabled, devices will not be detected for syncing/data operation.

LED Information

Power: Green for power

Fast Charging: Blue for fast charge mode

Specifications

Bus Type	USB 3.0
Interface	USB 3.0, USB 2.0
Industry Standards	USB Battery Charging Specification Rev. 1.2
Ports	4
Connector(s)	3x USB 3.0 A (9 pin; SuperSpeed) Female
	1x USB 3.0 Micro-B (10 pin; SuperSpeed) Female
	1x USB 2.0 A (4 pin) Female
Maximum Data Transfer Rate	5 Gbit/s
Type and Rate	USB 3.0 - 5 Gbit/s
	USB 2.0 - 480 Mbit/s
OS Compatibility	OS Independent
System and Cable Requirements	Available USB 3.0 Port
Color	White & Silver (ST4300U3C1)
	Black & Silver (ST4300U3C1B)
Enclosure Material	Plastic
Dimensions (LxWxH)	127mm x 96mm x 26mm
Weight	13.63 oz [386 g]
LED Indicators	1x Power
	1x Fast Charging
Power Adapter	100~240 AC
	5V 4A DC
Humidity	10-90% RH
Operating Temperature	0°C to 40°C (32°F to 104°F)
Storage Temperature	-10°C to 60°C (14°F to 140°F)

Warranty Information

This product is backed by a two year warranty.

In addition, StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.
